

New from SSPC!

Surface Preparation and Coating of Concrete

This new 376-page softcover compilation provides a complete collection of SSPC standards, guides, and specifications written specifically for the preparation and coating of concrete, including the SSPC technology update on thick film coatings and surfacings for concrete floors (SSPC-TU 10) and the new tri-society document on the design, installation, and maintenance of protective polymer flooring systems (SSPC-TR 5/ICRI 03741/NACE 02203). The book also contains relevant selections from SSPC's "Good Painting Practice," SSPC Painting Manual, Volume 1, and the new 2nd edition of "The Inspection of Coatings and Linings," as well as papers from the recently published "SSPC 2003 Technical Presentations," an overview of industry guidance on condition assessment and concrete repair, a glossary of terms, and more.

The new "Surface Preparation and Coating of Concrete" sells for \$87.50 to SSPC members and \$125.00 to non-members. To place an order, call the SSPC Publications Sales Office at 1-877-281-7772 (toll-free within the USA) or 1-412-281-2331 (from outside the USA), or use the form at the right and return it to SSPC along with your check or credit card information.
