

## SSPC Technical Committee Feedback Form

Use this form to provide your feedback on SSPC Technical Committees. Tell us about anything we can do to improve the speed or efficiency of our standards development processes, or about any problems you encounter in working on a committee.

We've deliberately kept this form as open-ended as possible, so that you can feel free to express your concerns. We will acknowledge receipt of any completed forms within 5 business days, and advise you how we plan to address your concerns.

Please use a separate form for each committee you are commenting on. Return your completed forms to Aimée Beggs at [beggs@sspc.org](mailto:beggs@sspc.org), mail to Standards Development, SSPC, 800 Trumbull Drive, Pittsburgh PA 15205-4365, or fax to 412-444-3591.
